Biyografi

Dr. Fawaz Alhebishy received the Bachelor of degree in Pharmacy from the University of Aden/Yemen. He earned the Doctor of Pharmacy degree from the Anadolu university. His responsibilities included teaching pharmaceutical sciences in BS PharmD program.

His main research focus on the nanotechnology and advance drug delivery system. His main approach is to improve a novel drug carrier system.

During his undergraduate career he found a passion for helping students and decided to combine that with his experience.
